

## **PE ACTION PLAN**

# Aston Hall Junior and Infant School

From September 2013 the Government has allocated funding directly to the primary school to support and improve the provision of physical education (PE) and sport in primary schools. This funding – provided jointly by the Department for Education, Health and Culture, Media and Sport – will be allocated to primary school head teachers. This funding is ring-fenced and therefore can only be spent on the provision of PE and sport in schools. PE and sport are an entitlement of all pupils, integral to the curriculum offered to our children. Sport is taught throughout school; the positive values of sports support and underpin the ethos and values of our school. All children receive a minimum of 2 hours timetabled PE each week with a range of after-school clubs and activities helping to develop this further.

4. <i>Purchase and replacing new PE equipment to support and enable other school priorities to be successful.</i>	A new log for tracking and monitoring equipment has allowed KH to replace and purchase new equipment to support and engage children during lunch and PE activities (see equipment order list)	Continue to monitor equipment throughout the year with help from playground leaders (Year 6) Train new playground leaders to monitor playground equipment.
