# Whistleblowing Policy

## INTRODUCTION

This policy applies to all Wickersley Partnership Trust employees working in schools across the Trust.

Each school in the Trust is committed to the highest possible standards of openness, probity and accountability. In line with that commitment we expect employees, and others that we deal with, who have serious concerns about any aspect of their school's work to come forward and voice those concerns. It is recognised that most cases will have to proceed on a confidential basis.

Employees are often the first to realise that there may be something seriously wrong within their school and have a duty to report such matters. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the school. They may also fear harassment or victimisation. However, employees should not simply ignore their concerns.

This policy makes it clear that employees can come forward and express their concerns without fear of victimisation, subsequent discrimination or disadvantage. This Whistleblowing policy is intended to encourage and enable employees to raise serious concerns within the school rather than overlooking a problem or "blowing the whistle" outside.

Managers should take in to account the translation and interpretation needs of the individual.

The policy applies to all employees and those contractors working for the school on school premises, for example, agency staff, builders, drivers. It also covers suppliers and those providing services under a contract with the school.

These procedures are in addition to the school's complaints procedures and other statutory reporting procedures.

## AIMS AND SCOPE OF THIS POLICY

This policy aims to:

- encourage employees to feel confident in raising serious concerns and to question and act upon concerns about practice
- provide avenues for employees to raise those concerns and receive feedback on any action taken
- ensure that employees receive a response to your concerns and that employees are aware of how to pursue them if employees are not satisfied
- reassure you that employees will be protected from possible reprisals or victimisation if employees have a reasonable belief that employees have made any disclosure in good faith.

There are existing procedures in place to enable you to lodge a grievance relating to your own employment including any breach of the school's Equal Opportunities Policies or bullying and harassment. The Whistleblowing policy is intended to cover major concerns that fall outside the scope of other procedures.

These include:

- conduct which is an offence or a breach of law
- disclosures relating to miscarriages of justice
- health and safety risks, including risks to the public as well as other employees
- damage to the environment

- the unauthorised use of public funds
- possible fraud and corruption<sup>1</sup>
- sexual or physical abuse of children/students, or
- other unethical conduct.

Thus, any serious concerns that you have about any aspect of service provision or the conduct of staff within the school or others acting on behalf of the school can be reported under the Whistleblowing policy. This may be about something that:

- makes you feel uncomfortable in terms of known standards, your experience or the standards you believe the school subscribes to; or
- is against the school's policies and procedures; or
- falls below established standards of practice; or
- amounts to improper conduct.

#### ANONYMOUS ALLEGATIONS

This policy encourages you to put your name to your allegation whenever possible.

Concerns expressed anonymously are much less powerful but will be considered at the discretion of the school.

In exercising this discretion, the factors to be taken into account would include:

- the seriousness of the issues raised
- the credibility of the concern; and
- the likelihood of confirming the allegation from attributable sources.

#### CONFIDENTIALITY

All concerns will be treated in confidence and every effort will be made not to reveal the employee's identity. At the appropriate time, however, employees may need to come forward as a witness.

#### SAFEGUARDS

##### Harassment or Victimisation

The school is committed to good practice and high standards and wants to be supportive of employees.

The school recognises that the decision to report a concern can be a difficult one to make. If what employees are saying is true, employees should have nothing to fear because as employees will be doing their duty to the employer and those for whom employees are providing a service.

The school will not tolerate any harassment or victimisation (including informal pressures) and will take appropriate action to protect employees when they raise a concern in good faith.

Any investigation into allegations of potential malpractice will not influence or be influenced by any other employment procedures that already affect employees.

The Public Interest Disclosure Act 1998 gives legal protection to employees who disclose information, in good faith, about alleged wrongdoing.

---

## UNTRUE ALLEGATIONS

If an employee makes an allegation in good faith and with reasonable belief, but it is not confirmed by the investigation, no action will be taken against that employee. If, however, employees make an allegation frivolously, maliciously or for personal gain, disciplinary action may be taken against that employee.

## HOW TO RAISE A CONCERN?

Employees should raise concerns with the Headteacher. Concerns may be raised verbally or in writing. Employees who wish to make a written report are invited to use the following format:

- please mark envelope “to be opened by addressee only”
- the background and history of the concern (giving relevant dates);
- the reason why the employee is particularly concerned about the situation.

The earlier you express the concern the easier it is to take action.

Should the employee have a concern in regards to the Head teacher then the matter should be referred to the Chair of the Local Governing Body.

Although employees are not expected to prove beyond doubt the truth of an allegation, employees will need to demonstrate to the person contacted that there are reasonable grounds for concern.

Employees may invite their trade union, professional association representative or a friend to be present during any meetings or interviews in connection with the concerns employees have raised.

## HOW THE SCHOOL WILL RESPOND?

The School will respond to employees concerns. Concerns need to be tested out before they are either accepted or rejected.

Where appropriate, the matters raised may:

- be investigated by SLT or through the disciplinary process
- be referred to the police
- form the subject of an independent inquiry

In order to protect individuals and those accused of misdeeds or possible malpractice, initial enquiries will be made to decide whether an investigation is appropriate. This may take the form of an internal or external enquiry. It will also be decided an appropriate person to lead it. The overriding principle which the school will have in mind is the public interest. Concerns or allegations which fall within the scope of specific procedures (for example, child protection issues) will normally be referred for consideration under those procedures.

Some concerns may be resolved by agreed action without the need for investigation. If urgent action is required, this will be taken before any investigation is conducted.

Within ten working days of a concern being raised, the person to whom it is expressed will write to you:

- acknowledging that the concern has been received
- indicating how the school propose to deal with the matter
- give an estimate of how long it will take to provide a final response
- telling employees whether any initial enquiries have been made
- supplying employees with information on staff support mechanisms, and
- telling employees whether further investigations will take place and if not, why not.

The amount of contact between the staff considering the issues and the employees raising the issue will depend on the nature of the matters raised, the potential difficulties involved and the clarity of the information provided. If necessary, the school will seek further information from the employee.

Where any meeting is arranged, which may be off-site, employees can be accompanied by a Trade Union or professional association representative or a friend.

The school will take steps to minimise any difficulties which employees may experience as a result of raising a concern. For instance, if employees are required to give evidence in criminal or disciplinary proceedings the school will arrange for the employee to receive advice about the procedure.

The school accepts that employees need to be assured that the matter has been properly addressed. Thus, subject to legal constraints, the school will keep the employee informed of developments every twenty-eight days and the outcome of any investigation.

#### HOW THE MATTER CAN BE TAKEN FURTHER

This Whistleblowing policy is intended to provide employees with an avenue within the school to raise concerns. The School hopes employees will be satisfied with any action taken. If employees are not, they can request the Headteacher to refer the matter for consideration by the;

Trustees of Wickersley Partnership Trust  
 Trade unions  
 Local Citizens Advice Bureau  
 Relevant professional bodies or regulatory organisations  
 Relevant voluntary organisation  
 the police

Any disclosure to the press is not encouraged and employees and will not normally be legally protected.
