SATS

Congratulations
to all our Y2 and
Y6 students for
completing their
SATs this year!

All of the children at Aston Hall were able to access the tests in a way that suited their needs, which included: additional breaks, quiet spaces, additional time and support from key adults.

We are so proud of how far the children have come on their learning journey at Aston Hall.

Well done everyone!

TRIPS

Learning outside of the classroom can be really beneficial for SEN students - it can help develop their social skills, help them learn visually and improve their confidence.

Our Y5 and Y6 students have been given the opportunity to attend overnight residential in the Summer term and have absolutely loved it. Access arrangements and additional support was provided so that everyone could access these brilliant experiences as part of our enrichment offer at Aston Hall.

Our youngest children have experienced a day at Cleethorpes and the Y3 and Y4 children visited Eureka. An amazing time was had by all!

EVENTS

During the last half term of the year, we held a coffee morning for parents in collaboration with the Specialist Inclusion Team's Julie Green.

Julie supports the school regularly and provides advice and expertise to allow us to support children to achieve their full potential!

The coffee morning had a focus on neurodiversity, specifically Autism, as we know this affects a wide number of families in our community. The coffee morning was a great success and we hope to continue drop-in sessions next year with the lovely Mrs Woodcock.

Our Y6 students attended their leavers Prom at Cranworth Road and had a brilliant night eating, dancing and celebrating their last year at Primary School with their friends.

INTERVENTIONS

Attention Austim
- our Teaching
Assistant Mrs
Lindley (who
celebrated 20
years with Aston
Hall this year)
delivers this
intervention four
times a week.

Attention Austim is designed to help our children develop their communication and interaction skills.

It brings awe and wonder into the childrens' learning and supports with turn taking, language development and social skills.

SPORT

All children have access to PE sessions at Aston Hall.

Our Sports Coach, Ross Inglis, offers sensory friendly PE sessions.

These allow children who require smaller groups, quieter spaces and adaptations for physical needs to access high quality sports coaching.

The children love these sessions and really look forward to them!

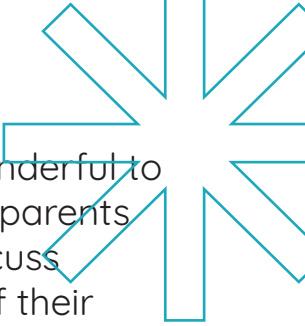

STAFF

We couldn't support all our children in the way we do if it wasn't for the hard work of the staff across Aston Hall and the Trust.

A huge thank you to all staff from preparing and supporting SEND reviews this year.

And a warm welcome back to Ms Woodcock, who has been at Ashwood for a year, but is coming back to Aston Hall to take over as full time SENDCo. We're thrilled to have her back!

It has been wonderful to have so many parents come in to discuss the progress of their children face to face.

Thank you to Mrs Lindley for continuing to develop an amazing, bespoke space in our Rainbows nurture provision to support lots of children in school with social, communication and language needs. The families value your support so much, as do we!

Thank you to Mrs Barnes for all the SEMH support she delivers across the school and for supporting With Me in Mind to work with our children. You are all amazing.

AUTUMN 1 – UP NEXT

From the start of the 23/24 academic year, we will be providing regular SEND updates on our website and social media channels.
