

Track 2:

Castle Of Camelot

All:

In Camelot we know we've got
A place to call our own
For we have found we're safe and sound
Within these walls of stone
You've never seen a place so green
No matter where you roam
From low and mean to king and queen
Our castle is our home!

The flag is flying high
And here's the reason why
As every day goes by
We count the blessings we forgot
So come on in and find
You've left your cares behind
And join us in the lucky life we've got
In the castle of Camelot!

(The Courtiers busy themselves again in the musical break, taking up new positions for the second verse.)

Our knights of old with hearts so bold
Will fight away your fears
Just step inside, we'll be your guide
And wipe away your tears.
So when it seems your hopes and dreams
Have vanished out of view
Just stay a day, you'll find the way
To make them all come true!

The flag is flying high
And here's the reason why
As every day goes by
We count the blessings we forgot
So come on in and find
You've left your cares behind
And join us in the lucky life we've got
In the castle of Camelot!

Track 4:

King Arthur Ain't 'Arf A Bad King!

All:

Who makes it hot when he's reigning?
Who makes it not worth complaining?
Who has spent a lifetime sat upon the throne
Ever since he pulled a sword right out of a stone!
Who is the world's straightest ruler?
Who is like you, just much cooler?
Genuflect before him, bow and kiss his ring!
King Arthur ain't 'arf a bad king!

Who is a right royal geezer?
Who is a great British Caesar?
Emperors and pharaohs, they may come and go,
He can top them all 'cos he's the star of the show!
Who is as tasty as toffee? (yummy!)
Who is the cream in our coffee?
Shout it from the rooftops, join with us and sing,
King Arthur ain't 'arf a bad king!

Who is a right royal geezer?
Who is a great British Caesar?
Emperors and pharaohs, they may come and go,
He can top them all 'cos he's the star of the show!

Track 10:

How To Be Me

Alice: How to be a princess, chapter one,
Never let yourself have fun.
Why do they all want to change me?
What's wrong with who I am?
In my heart I know I'm someone else.
Only wish that they could see
I'm turning each page as I'm learning each day
Just how to be me.

Watt: How to be a hero, chapter two,
Never let your dreams come true.
Why can't I prove that I'm worthy,
Show them what I can do?
Never giving up, I'll carry on.
Be the best that I can be.
I'm turning each page as I'm learning each day
Just how to be me.

Alice & Watt: How to be myself, now that's my quest,
Spread my wings and I'll be free.
I'm turning each page as I'm learning each day

Alice: Just how to be me,

Watt: Just how to be me,

Alice: I have to be me,

Watt: I have to be me,

Alice: I want to be me,

Watt: I want to be me,

Alice & Watt: I've got to be me!

Track 15:

One Of A Kind

Watt: *(Speaking over the introduction)* But being different isn't that bad,
Dusty. I should know. And you... well... you're one of a kind!

When you're different, off the wall,
Life is hard, it's true.
No one seems to understand at all,
They make you feel blue.
People, they can laugh and stare,
But they're simply blind.
They can't see you're something wonderful,
You're one of a kind!

Alice: You're as special as the sun,
Rare as purest gold.
There won't ever be another one -
They've broken the mould!
You're unique, a work of art,
And someday you'll find,
They will see you're something wonderful,
You're one of a kind!

All: You're as special as the sun,
Rare as purest gold.
There won't ever be another one -
They've broken the mould!
You're unique, a work of art,
And someday you'll find,
They will see you're something wonderful,
You're one of a kind!
You're one of a kind!
You're one of a kind!
You're one of a kind!

Track 18:

We're On A Quest!

All:

We're on a quest, we'll do our very best!
We've polished up our armour
And we've packed our woolly vest!
We're big and bold and beefy,
And we're ready for the test,
So adventure, here we come!

For Camelot there is not a lot
Us heroes won't do!
For Camelot we'll give it a shot
We're brave and we're true!

We're on a quest, we'll do our very best!
We've polished up our armour
And we've packed our woolly vest!
We're big and bold and beefy,
And we're ready for the test,
So adventure, here we come!

Fighting the fight with all of our might
Just leave it to us!
This manly mob is right for the job
We won't make a fuss!

Knights:

You can count on us!

All:

We're on a quest, we'll do our very best!
We've polished up our armour
And we've packed our woolly vest!
We're big and bold and beefy,
And we're ready for the test,
So adventure, here we come!
So adventure, here we come!

Track 30:

What A Knight!

Lester:

(Spoken) I said that I'd return, dear friends
The battle has been fought.
So here is where our story ends
And we leave Arthur's court.

Our clever hero's saved the day
The future's looking bright
There's only one thing left to say
What a knight!

All:

He climbed the highest mountains
Crossed the stormiest seas
He beat the big bad baddy
Brought him down to his knees
It's time for celebration now, the future is bright!
What a hero, what an inspiration,
What a knight!

He found those sneaky blackheads
And he gave them a squeeze
He's like a short Goliath
And a young Hercules!
He won our admiration with his courage and might,
What a hero, what an inspiration,
What a knight!

He climbed the highest mountains
Crossed the stormiest seas
He beat the big bad baddy
Brought him down to his knees
It's time for celebration now, the future is bright!
What a hero, what an inspiration,
What a knight!

He found those sneaky blackheads
And he gave them a squeeze
He's like a short Goliath
And a young Hercules!
He won our admiration with his courage and might,
What a hero, what an inspiration,
Sing it out across the nation,
Oh what a knight!
Oh what a knight!
Oh what a knight!
Oh what a knight!
